As you think about careers, you may be unsure of possible careers that match your interests? The Bullseye career charts may be of help. They suggest some careers related to various areas of interest and by clicking on the career link, you can find out more information about that particular career. (You will need to sign up to the Myfuture website to access the further information resources. There is no fee to create an account – see Mr Russell if there is a problem)

Two examples are shown below. There are many bullseye charts. Click the link that follows to access other bullseye pages... [https://myfuture.edu.au/bullseyes](https://myfuture.edu.au/bullseyes)
If you enjoy or are good at this learning area, explore the occupations below.

Training Levels and Requirements

Level 1:
Usually has a skill level equal to the completion of Year 10. A Senior Secondary Certificate of Education, Certificate I, II, Australian Apprenticeships may be offered at this level.

Level 2:
Usually has a skill level equal to a Certificate III or IV, or at least three years relevant experience. Australian Apprenticeships may be offered at this level.

Level 3:
Usually requires a level of skill equal to a Diploma or Advanced Diploma. Study is often undertaken through TAFEs or Registered Training Organisations. Some universities offer studies at this level.

Level 4:
Usually requires a level of skill equal to a Bachelor Degree or higher qualification. Study is often undertaken at a university.

Information:
This chart shows a selection of occupations that have some relation to the learning area you have selected.

The four education and training levels are to be used as a guide only. These levels indicate the most common education and/or entry requirements for these jobs.

The title of an occupation viewed may differ to the title of the occupation selected. This is a result of a new data source for occupational information.
Central Coast Group Training - Parent Information Evening

What's NXT? For Parents!

Guide your child into a career they will love!

As the Coast’s largest employer of apprentices and trainees with more than 38 years experience, employing over 160 people every year, CCGT is a critical link for youth transitioning from school to work.

With so many career options available, it can be overwhelming for teenagers that are considering leaving school to start their career – AND EVEN HARDER FOR THEIR PARENTS!

Times have changed and with 48% of teens turning FIRST to their parents for career advice, it is crucial to be well informed and educated around ALL career pathways on offer.

CCGT want to make it easier for PARENTS to understand the post-school opportunities available to their teenagers so they can guide them through designing a future they’ll love!

Parent Sessions - Unpacked

We will:

- Explain the landscape and help you navigate your way through your child’s post school options
- Discuss what parents need to know when their child gets their first job
- Explain the intergenerational differences and industry changes when looking for employment in 2019
- Highlight the options available to your child and how parents can provide the best support

Other topics covered:

- The Role of Social Media and Technology
- Communicating with your Child
- Decision Making and Planning

DID YOU KNOW?

43% of Year 12 students have NO IDEA what they want to do when they leave school.

DID YOU KNOW?

9 out of 10 jobs with the highest prospect of growth in the next 5 years are through apprenticeships and traineeships.

Register Now!

AIE is a world leader in specialist games and visual effects education.

Our teachers are highly qualified industry veterans who’ve made their names creating the games you’ve played and the movies and visual effects you’ve watched.

Our graduates are immediately employable, with relevant, cutting-edge industry skills. No wonder industry giants like Animal Logic, Weta Digital, Epic Games, Bioware, Wargaming and Rockstar look for AIE qualifications when they’re recruiting.

Through our connections with game development and 3D animation studios, you’ll have real opportunities to get into the games and film industries.

Let our industry success build your industry success.

SYDNEY MELBOURNE CANBERRA ADELAIDE ONLINE

RTO No. 03021
Applications now open to study technical theatre courses at NIDA in 2020

NIDA is currently taking applications for its 2020 technical theatre cohorts.

These courses will build on the skills students learn in their VET Entertainment course and will help them transition into working professionally in the industry. Our students graduate with highly transferable skills and have gone on to work for the biggest theatre and event companies both nationally and internationally.

→ **Bachelor of Fine Arts (Technical Theatre and Stage Management)**

This full-time, three-year degree covers a wide range of skills training including lighting, audio, video systems design, stage management and more. Students collaborate on two student production seasons a year, and in their third year they undertake a professional industry placement.

→ **Bachelor of Fine Arts (Scenic Construction and Technologies)**

This full-time, three-year degree is for people who love building things and solving big problems like ‘how do we get this stage to rotate?’. Students learn skills in timber and metal fabrication, rigging, mechanics, drafting, computer-aided design, stage machinery and more.

→ **CUA50415 Diploma of Live Production and Technical Services**

Our VET Diploma in Live Production and Technical Services equips students with the skills and knowledge to implement lighting, sound and vision designs, operate equipment and plan and conduct the bump-in and bump-out of productions. Students also undertake an industry placement.

**Key information:**

→ **Applications close** Monday 30 September
→ **Interviews** held in Sydney, Melbourne and Brisbane in November/December 2019
→ **Courses commence** February 2020 (for Bachelor courses) and April 2020 (for VET course)

NEW COURSE SPOTLIGHT
Bachelor of Cognitive and Brain Sciences
Understanding how the mind and brain work is one of the greatest scientific challenges of our time. In the Bachelor of Cognitive and Brain Sciences students explore the workings of the brain and cognitive disorders like dyslexia and schizophrenia.

This degree explores cognitive science, neuroscience and computation, and builds students' critical-thinking and research skills in our human brain imaging and virtual reality labs.

Youth Engagement Strategy (YES) TAFE program - UPDATE

YES programs are short taster programs designed to engage students with industry training and pathways into future study and work opportunities. They are available to students who have not completed a YES program previously.

The programs generally run from 9:00 am until 3:00 pm (unless otherwise specified) and commence from Monday 28 October 2019. They are fully Government subsidised and free, although students need to travel to and from the TAFE campus independently and may need to provide PPE (personal protective equipment) where appropriate.

Registrations for the semester 2 YES program will open on Wednesday 21st of August 2019, at 9:00 am.

Please let Mr Russell know if you would like to register. **Students will need a USI (Unique Student Identifier) to register** [www.usi.gov.au](http://www.usi.gov.au). Students must be at least 15 years old and in Year 10 or higher. If you want to register, please give your USI to Mr Russell.

Registration will close on **Wednesday 11th of September** 2019 at 5:00 pm. Schools will be provided with a list of successful applicants early term 4. Relevant details for each program will be sent for distribution to students prior to commencement of class.

Dates and programs are subject to confirmation of delivery numbers and may be subject to change.

There are courses to be run on other Hunter Institute TAFE campuses apart for the Central Coast campuses listed below. See Mr Russell if you would like more information about courses at other campuses.

### External Vocational and Training Courses (eVET)

Expressions of interest for eVET courses for 2020 close on Friday 6 September.

Students interested in studying an external VET course next year as part of their school study program should see Mr Russell as a matter of priority to have their expression of interest lodged by the closing date. eVET courses include TAFE TVET courses such as Construction and Tourism and other private provider courses such as Design Fundamentals with Whitehouse Institute and 3D Animation with AIE and Drone Training program with UAVAIR.
Bachelor of Arts Screen: Production 2020

The Australian Film Television and Radio School’s (AFTRS) three-year, full time, Bachelor of Arts Screen: Production is designed for students with a passion for storytelling and a commitment to a career in the screen industries. We’re eager to work with people from a diverse range of backgrounds who are imaginative, collaborative and keen to develop their voice as Australian storytellers.

The screen industries are looking for multi-skilled storytellers who are comfortable in all of the key creative roles and are able to produce content across platforms. AFTRS’ Bachelor of Arts Screen: Production is designed to meet those industry needs. The course is split into seven interrelated pillars of screen storytelling: story, image, sound, character and performance, rhythm and juxtaposition, screen business, and production – each one designed to explore current industry practice.

As a graduate of AFTRS Bachelor of Arts Screen: Production, you will be able to enter the creative industries with a wide range of knowledge and skills and an adaptable, forward-looking approach that puts you at the forefront of industry innovation and practice.

Career Opportunities

Entry level jobs in the screen, media and creative industries including roles in production and post-production companies and in film productions; screen entrepreneurs; YouTube creators and in-house video content producers.

The Australian Film Television and Radio School

The Australian Film Television and Radio School is Australia’s premier screen and broadcast school. Our purpose is to find and empower screen talent to shape and share their stories with the world by delivering future-focused and industry-relevant education, research and training. AFTRS is consistently rated one of the top film schools in the world by industry publication The Hollywood Reporter, the only Australian education institution to make this prestigious list.

Scholarships available:

- Storytelling
- Equity
- Indigenous
- Australia for UNHCR Biddle
- Onnbaa Giant Steps
- Virgin Australia
- Audible Inspiring Voices for Women

Interested in Journalism...?

**Introduction to Journalism**
Now open to senior secondary students

Do you have a passion for news? Do you have a desire to work in the exciting world of mass media?

If you plan to study journalism at university would you like a 'heads-up' on what journalism is all about, giving you an edge on other students?

Or are you looking for a 'taster' course to decide whether journalism is for you?

We have good news - senior secondary students may now enrol in Jschool Journalism College's introductory unit, JR101.

Taught online with weekly lessons over 12 weeks, JR101 will introduce you to the basics of news reporting, teaching you the 'who, what, when, where, why & how' of journalism.

The unit includes regular exercises with feedback to help you improve your writing skills.

The summer course would be especially suitable for:

- graduating Year 12 students before they begin tertiary study
- Year 11 students progressing to Year 12

**STUDY ONLINE**
- Flexible study structure
- Supportive, specialist lecturers
- Practical "Real-World" focus
- Built for online

**UPCOMING SEMESTERS:**
- December 2019 to February 2020
- March 2020 to June 2020
- July 2020 to October 2020.

For further information and application forms see:

Also available: Shorthand (speed writing)
Job Opportunities

2020 NORTH CONSTRUCTION & BUILDING APPRENTICESHIP PROGRAM

We have opened the North Construction & Building Apprenticeship Program applications for 2019 and would like to invite students interested in a carpentry apprenticeship to submit an application.

If you are interested in an exciting and rewarding career with a leading construction company in the Central Coast and Newcastle regions then this program is for you!

The role requires well-developed numeracy and literacy skills, high organisation and the ability to work under pressure. To be successful in this role, you will have the ability to work as an effective member of a team, a strong work ethic and the ability to see your apprenticeship program through to completion.

If you are self-motivated and excited by the opportunity to be part of a high-growth, high-performing business, you will enjoy:

- the learning and development associated with a rapidly expanding, innovative business
- the opportunity to earn while you learn
- dedicated support to assist you in completion of your apprenticeship.

A mandatory requirement of your application is addressing the following selection criteria in your cover letter (150-200 words per criteria) along with a complete copy of your most recent school report:

1. why you want to work at North Construction & Building.
2. why construction and your knowledge of the industry.
3. previous experience or projects relating to construction and/or your school & community involvement.

Applications close on 5pm Monday, 7th October 2019.

North Construction & Building is an Equal Employment Opportunity (EEO) Employer.

Please submit all applications and enquiries to careers@talentcodehr.com.au

As part of this Traineeship you will be PAID to study a Certificate III Blinds, Awnings, Security Screens and Grilles through ON the job training over a period of 36 months.

APPLICATIONS CLOSE: 4:00pm Monday, 16 September 2019

Go to www.ccg.com.au/careers/all to APPLY NOW!
Service Advising / Parts Interpreter Traineeship

- Immediate start
- Full time position
- Located at Wyong
- Drivers licence essential
- PAID to study a Certificate III in Automotive Sales

Central Coast Group Training is the Coast’s leading employer of Apprentices and Trainees and has been in operation for more than 35 years.

Our Host Employer is a family owned business with over 50 years’ experience in the Automotive industry. They are a multi-brand dealership specialising in Kia, Toyota, Sanyong and Renault with a number of dealerships across the Central Coast, each with its own service and repair centre. Our Host is now looking for a friendly Trainee to join their fast paced team and assist with both the service advisors and the parts department.

The duties within this role include but are not limited to;

- Providing exceptional customer service
- Booking & confirming services
- Assisting the Spare Parts Interpreter with picking & ordering parts
- Developing product knowledge
- General housekeeping
- Assisting departments as required

As the successful candidate you will be reliable, have strong communication skills and a keen interest in the Automotive industry. You will also be able to demonstrate excellent customer service skills and eagerness to learn.

This is a full time position working 38 hours per week, Tuesday–Friday 7:30am – 3:30pm and each Saturday 8am – 12pm, with overtime when required.

As part of this Traineeship you will be PAID to study a Certificate III in Automotive Sales through ON the Job Training.

Go to www.ccgt.com.au/careers/all to APPLY NOW!
Food and Beverage Traineeships

Our client is seeking Food and Beverage Trainees to work in their Terrigal Restaurant. Our host employer is a respected café/restaurant that is situated at the Ocean Front Terrace Crowne Plaza Terrigal directly across from the beautiful Terrigal Beach. They specialise in casual beach-side cuisine that combines international expertise with fresh, local produce.

They have earned a reputation for outstanding coffee, exceptional food and a distinctly warm inviting atmosphere.

About the Role

These are multiple positions, where you are able to work 38 hours per week full time which includes weekend. This role is responsible to provide a consistent and high quality standard of food and beverage set up/service to all clients. Work closely with the management within the food and beverage department to achieve high quality service, presentation and delivery to all guests. The work can involve standing for long hours due to the nature of the work.

As a Food and Beverage Trainees you will be required to complete a Certificate III in Hospitality Course Code: SIT30616.

Your roles and responsibilities may include but not limited to:

- Ensure excellent and professional customer service at all times.
- Setup and reset specific function activities as directed.
- Undertake general waiting and service duties of food and beverages.
- Communicate and liaise with team members, kitchen and other areas of operation
- Follow hygienic food and beverage handling procedures.
- Adhere to Responsible Service of Alcohol legislation.
- Ability to work in a team based environment.
- Able to work a flexible roster including evening and weekend work where necessary.
- Other duties as required and outlined by the Food and Beverage Manager and Supervisor

About You

The position requires someone who is passionate about kick starting their career as a Food and Beverage Attendant.

Requirements are:

- Neat personal appearance
- High level of personal hygiene
- Good memory
- Polite and patient

- Excellent team work skills and reliability are essential for this position.

- Must hold or willing to obtain your Responsible Service of Alcohol (RSA) Certificate prior to commencement of employment.

- Must be a permanent resident or Australian Citizen and committed to completing a 2 year apprenticeship
- A friendly, customer-focused attitude with the strive to provide Total Customer Satisfaction

- Initiative to ensure that interactions with our customers are positive and efficient

- Flexibility to hours

Apply for this role

Reminder - UNSW Co-op Program

Closes 30 September

As the foremost career development scholarship in Australia, the UNSW Co-op Program offers high-achieving high school leavers leadership and professional development training, networking opportunities, mentoring, and financial support of $18,200 per year, guaranteed for four years*. Australia’s leading companies take part in the program to recruit high-potential graduates. The Co-op Program is offered across selected degrees in Business, Engineering and Science. Scholarship candidates are selected on the basis of their academic ability, but also on their communication skills, leadership potential and commitment to the four-year program.* Some Engineering and Science Co-op Programs are 5 years. Scholars in these streams may apply for a potential 5th year scholarship. We are looking for Co-op scholars who:
  • Are active in their school and/or community
  • Show initiative and leadership
  • Make a significant contribution to their school or community
  • Communicate well
  • Enjoy working with other people
  • Want to be active within the university and Co-op community
  • Have a genuine interest in a career in industry or a government enterprise in their chosen program
  • Are ambitious and keen to contribute
  • Care about what is happening in the community, the country and the world at large.

If this sounds like you, and you are an Australian or New Zealand citizen or permanent resident, we strongly encourage you to apply.

AFTRS Bachelor of Arts Screen - Production
Closes 18 November
Screen stories are changing the world. From YouTube to Netflix and global cinema releases, they are shaping the way we think and feel about the world around us. There has never been such demand for screen content, and the AFTRS Bachelor of Arts Screen: Production aims to give you the skills to seize this opportunity.
This course is full-time over three years, and is designed for students with a passion for creating stories that are powerful, unique and Australian. We’re eager to work with people from a diverse range of backgrounds who are imaginative, collaborative and keen to develop their voice as Australian storytellers.

Student Fashion – Up and Coming from All the Colleges
To 15 September
Student Fashion is an annual display that provides a glimpse of the exciting potential of the next generation of Australian fashion designers. It showcases outfits from the final-year ranges of top students from four Sydney-based fashion design schools: Fashion Design Studio, TAFE NSW, Ultimo Campus, Raffles College of Design and Commerce, University of Technology, Sydney and Whitehouse Institute of Design, Australia.

Meet A Keeper Days at Taronga
31 October
The unique program begins with a seminar presented by a talented panel of Taronga Keepers, Educators and staff members in which students can learn about all aspects of caring for animals including the qualifications required, core responsibilities of a keeper, future career opportunities and more.
Following the seminar, students will explore the Zoo and make their own way to a mystery behind-the-scenes animal tour, giving them a real-life look at the way our teams work.
Meet a Keeper is available to Years 9, 10 and 11 students who have expressed a serious interest in zoo keeping as a career.
https://taronga.org.au/education/full-day-programs/meet-a-keeper

Careers in Agriculture
Are you, or someone you know interested in a career in agriculture? The possibilities are endless!! Our Online Agriculture Career Expos start to explore some of the opportunities and pathways available. Another great resource in the Career Harvest website, a project of the Primary Industries Education Foundation Australia.

2019 Online Agricultural Careers Expo – Great Video
The Online Agricultural Careers Expo has been designed for agriculture teachers, primary industries teachers, careers advisors and others who assist young people entering the workforce. Year 11 & 12 Students should watch this.

The Careers with STEM Magazines 2019
The Careers with STEM magazines for students offer inspiration to young Australians to get involved in STEM and explore future careers. The series is supported by digital marketing, social media, video and via the Careers with STEM website. Careers with STEM magazines for students are distributed to all Australian schools and supported by regular e-newsletters to STEM classrooms. It takes STEM beyond the classroom and into the careers of the future, which may rapidly shift from the increased pace of digital disruption.

Getting started or going global with your startup? Want to make sure your organisation is savvy to the new digital economy? Looking to stay relevant as careers are re-written in the rapidly evolving future of work? Put those dates in the diary and get ready to connect, learn, listen, experience and find your spark at Spark! Spark Festival is Australia’s largest event for startups, innovators and entrepreneurs. Our attendees are getting started, or going global. They are entrepreneurs, investors, inventors, innovators, students, executives or just plain curious. But with a two week program of more than 160 events, many of them free, they all find their spark at Spark.
http://sparkfestival.co/

Should you consider working in aged care?
There are few things in life that are more rewarding than knowing that you have helped someone and made a notable difference in their life. Working in a career or volunteer initiative that assists vulnerable people is one sure way to do that, and to gain some good karma back into your life. It seems like a no-brainer that doing good deeds and helping others every day is rewarding, but why specifically should you consider working with the elderly?

Ancient History for the HSC Day
7 September, 8:30 AM – 4:00 PM
Macquarie Ancient History Association will be hosting lectures and workshops on the most popular Egyptian, Greek and Roman HSC Essay Topics to help you do the best you can in your Ancient History exams!
Our lectures are presented by experienced academics, teachers and markers of the HSC, and therefore provide invaluable assistance to students preparing for HSC History.
Tips on Applying for a Scholarship
Brief but very useful video giving you the key tips to address when applying for a scholarship.  
https://www.youtube.com/watch?v=e10KBpAmYlg&feature=youtu.be

Things to consider when you plan to take a Gap Year
A gap year without a plan or goal, however, is a dangerous choice. The transition from school to work or study is different for everyone, and an unfocused gap year is often a stumbling block for many.
