New videos – Employer Stories
The central role that employers play in creating Australian Apprenticeships is highlighted in a new series of videos focusing on the construction industry in the ACT.

These videos will interest students and jobseekers as they provide an employer’s perspective on Australian Apprenticeships, job hunting and job interviewing.

Australian Apprenticeship Construction Pathways – Employer Stories is a project developed and delivered by the Australian Apprenticeships and Traineeships Information Service, working with partners including the Canberra Institute of Technology and the Housing Industry Association Apprenticeships Centre.

The videos are published on the Australian Apprenticeships – My Gain YouTube channel [www.mygain.com.au] which also has a range of apprentice job hunting stories.
